

Compliance

This website is operated by University Radiology Group on behalf of University Radiology Vascular & Interventional Center (“URVI”). URVI is a division of University Radiology Group, and all patient privacy, compliance, accessibility, and communication practices described herein are maintained in accordance with University Radiology Group policies and procedures.

University Radiology Group is committed to maintaining a culture that promotes quality and efficient patient care; high standards of ethical and business conduct; and the prevention, detection and resolution of conduct that does not conform to URG’s standards and policies, applicable law and health care program or payor requirements.

To that end, URG has adopted a compliance program which articulates the ethical framework within which URG operates and to place employees on notice that they will be held responsible for abiding by the standards, including applicable laws, and will conduct themselves in order to protect and promote organization-wide integrity and to enhance URG’s ability to achieve its mission.

URG promotes an environment where individuals may report concerns without fear of retribution, retaliation or harassment. All concerns will be investigated quickly and prompt action will be taken.
